- English: <https://www.gov.wales/apprenticeships-genius-decision/apprenticeship-week-wales-2026>
- Welsh: <https://www.llyw.cymru/prentisiaethau-dewis-doeth/wythnos-prentisiaethau-cymru-2026>

This will focus on the Minister's priority sectors - energy, carbon, digital, AI. Assets to be ready November/December. Objectives are increasing employer awareness; educate on the benefits of hiring an apprentice and seeing a 5% increase in conversion. This is currently at 3%. These stats have been taken from the Omnibus survey. Working with some of the larger employers on how they can get involved. Careers Wales looking at school engagement.

User generated content will be used from previous employers that they have worked with. Will go out to the group if more employers are needed.

Minister keen to do a number of visits in the run up to and during Apprenticeship Week.

**Action 1 All:** Send George a brief overview of any potential visits in the run up to and during Apprenticeship Week.

**Action 2 All:** Send Comms plan to George, before Christmas break.

## Welsh Government Campaigns

**Individuals offer** – Apprenticeships, PLA, JGW+, ReAct+.

A new concept is being developed which will encompass the whole offer for individuals - 'Let's Get to Work'. Although nothing is confirmed, this could mean that Genius Decision will be phased out.

**Redundancy:** Looking at Neath Port Talbot area due to TATA closing.

**Employers:** Currently 'We're in your Corner'. A new concept is being developed similar to the UK Government 'Skills for Life' Looking at names and straplines. Maybe 'Skills for the future'. A focus group for employers will be set up. The Comms and Marketing group will also be asked to comment.

**Green Skills agenda** – Energy and Carbon Apprenticeships. Please advise if you need any support as there has been difficulties recruiting into this sector.

**Results Week** – The Young Persons Guarantee, targeting 16-24. This campaign was reduced during the summer so it can be more consistently seen throughout the year – now, January and March.

**TikTok** – Welsh Government now have a TikTok channel and are working with a group of young people. One piece '10 things you missed this week', had 150,000 views. Working on something for Apprenticeship Week.
